# Carl F. Kendell

## Petroleum Geologist

Mr. Kendell has 37 years experience in oil and gas exploration and development, primarily in the Northern Rocky Mountain basins of the western United States. He has been directly involved with the generation and development of successful oil and gas projects in every major basin of the Northern Rockies. His experience also includes evaluation and acquisition of producing and development properties, supervision of wellsite geologic evaluation, as well as almost every aspect of the discovery and development of oil and gas properties.

Mr. Kendell graduated from Weber State University with a Bachelor of Science degree in geology. He worked as Senior Geologist with MAPCO Inc. in Billings, Montana from 1973 to 1979, was a consulting Petroleum Geologist in Billings, Montana from 1979 to 1983, and was employed as Chief Geologist and then Exploration Manager with Flying J Oil & Gas, in Salt Lake City, Utah from 1983 through 2009. He is currently employed as a geologist by Summit Resources LLC. in Salt Lake City, Utah.

He has been an active member of the American Association of Petroleum Geologists (AAPG) since 1973. He has served as President of the Rocky Mountain Section 1997-1998) and as the President of the Utah Geological Association (2002).

# Ellis Peterson

## Petroleum Engineer

Ellis Peterson is registered as a professional engineer in petroleum engineering in Utah and Wyoming. He graduated with a B.S. degree in Fuels Engineering from the University of Utah in 1980 and has worked for over 30 years as an engineer in the petroleum industry. He has held positions with responsibility for reservoir, production, and drilling engineering analysis, planning, and oversight for Marathon Oil Company, Flying J Oil & Gas, Wolverine, and presently for Summit Energy Companies. He has previously appeared before State Oil and Gas Boards or Examiners in Texas, Montana, and Wyoming.
